

Brio Touch

Hot & Cold

Brio Touch

Design and user interface

- New design - family feeling with Opera and Concerto.
- Elegant chromed frame around the touch screen.
- Industrial touch screen full HD 13".

A modern and uncluttered design.

Technology

- Z4000 Coffee Unit.
- Lead free hydraulic circuit.
- Mixer and motordoser with variable speed 24 V.
- Self adjusting blades available as optional.
- Up to 5 soluble powder canisters.
- Automatic opening of the delivery area available as optional.

A reliable system for a perfect coffee.

Electronics

- Brio Touch features a new CPU, which is very easy to manage once the vending machine door is open.
- Innovative programming software.
- The user interface is easy to use, intuitive and highly customizable.
- Ethernet, WiFi, Bluetooth and 4G module connection available as optional.
- This model is ready to operate with Breasy and Amiclo, the newest management and payment solutions of Newis.

A versatile user interface.
